

# St Michael's Church in Great Gidding

## Temporary Church Closure

I am delighted to say that work is progressing well.

The remedial work on the church is now complete, subject to the architect's final inspection, which may call for some touching up of the limewash.

Although the contractors were very good in covering up, the church is a mess, mainly dust.

We are in the process of arranging a clear up operation.

Unfortunately, the church will not be available for the school service on Tuesday 20th November.

With the exception of the school, we will not need access to the full church until mid December as the service on the first Sunday in December is traditionally held at St Andrew's Church in Steeple Gidding.

In the meanwhile the Tower Room will be cleaned and made fit for use.
